

# **GATOR**

**NOTHING GRIPS LIKE GATOR**

**GATOR SYSTEMS PVT. LTD.**

An IATF 16949-2016 and ISO 9001-2015 Company

Bolts | Screws | Anchors | Nuts | Washers

# Excellent quality. Unwavering dependability.

---

At GATOR SYSTEMS, headquartered in Mumbai, Maharashtra, we stand as a leading private limited company in fastener manufacturing. Our primary operations are housed in a 45,000-square-foot facility in Vasai, equipped with advanced manufacturing technologies such as Cold Heading, Threading, Metal Stamping, Wire Processing, and Heat Treatment. Our state-of-the-art Automatic Surface Treatment Electroplating plant enhances the durability and quality of our products with coatings of Copper, Zinc, Lead, Tin, and Nickel. Supported by advanced Inspection & Quality Control, Customized Assembly with sophisticated automation, and In-House Logistics, we streamline operations and uphold our commitment to excellence. At the heart of GATOR SYSTEMS is a dynamic team of professionals whose expertise and dedication drive our continuous growth and success, ensuring that we maintain the highest standards in every aspect of our operations.

## Our Core Values

### Precision Engineering

It's embedded in our culture, driving every aspect of our manufacturing processes from design to assembly.

### Innovation for Customization

We strive to innovate and deliver customized, cutting-edge fasteners that meet diverse client needs and set higher industry standards.

### Commitment to Quality

Our relentless commitment to quality permeates every facet of our operations, from stringent manufacturing processes to comprehensive inspection protocols.

# Bolts

Hex bolts

Flange bolts

Carriage bolts

Eye bolts

Elevator bolts

Shoulder bolts

Plow bolts

U-bolts

Coated bolts

SEMS - Phillips hex head

Hex socket head bolt

SEMS - Allen socket head

# Screws

Phillips pan head

Star drive pan head

Phillips flat head

Star drive flat head

Machine screws

Socket screws

Set screws

Threaded rod

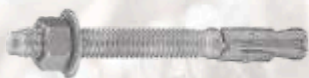

Wafertec screws

Hex head self drilling

# Anchors

Wedge anchors

Sleeve anchors

Drop-in anchors

Hit anchors

DIN, ASME, JIS, ISO,  
UNI, EU, BS, CSN, PN, GB

Stainless & Carbon  
Steel & Brass

Copper, Nickel, Tin, &  
Lead Treatments

High and Low  
Temperature Durable

High Strength &  
Corrosion Resistant

Weathering Steel &  
Marine Grade

# Nuts

Square nuts

Hex nuts

Cap nuts

JIS flange nuts serrated

Wing nuts

Hex lock nuts nylon insert

Flange nuts

Prevailing torque lock nuts

K-lock nuts

Flange nuts, prevailing torque

T-nuts

Acorn nuts

# Washers

Flat washers

Lock washers internal tooth

Fender washers

Earthing washers

Spring washers

Wedge lock washers

High collar lock washers

Square dock washers

Lock washers external tooth

Chrome bolt covers

Threaded inserts

Spacers

DIN, ASME, JIS, ISO,  
UNI, EU, BS, CSN, PN, GB

Stainless & Carbon  
Steel & Brass

Copper, Nickel, Tin, &  
Lead Treatments

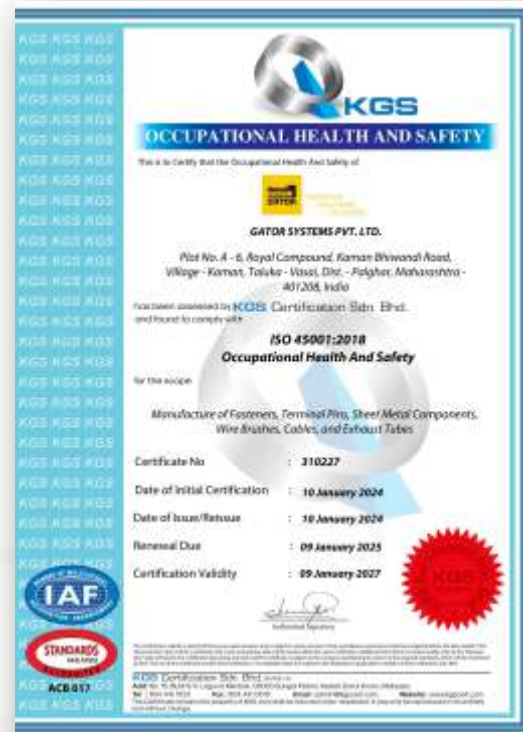

High and Low  
Temperature Durable

High Strength &  
Corrosion Resistant

Weathering Steel &  
Marine Grade

# Our Certifications

# Ideal Solutions across Industries

## Automotive & Auto Ancillary Manufacturing

Precise, high endurance fasteners  
for reliable and safe automotive assembly.

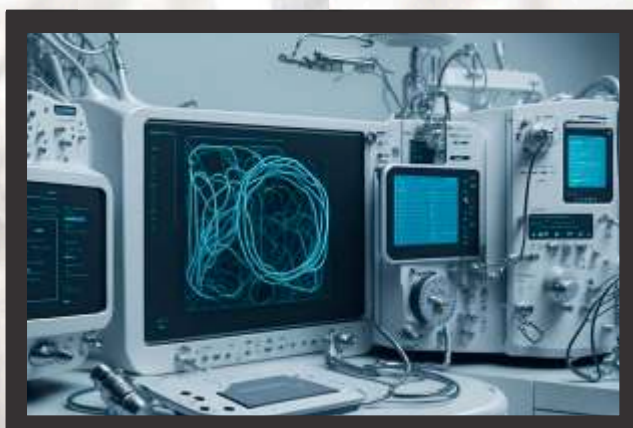

## Electronic Components Equipment Manufacturing

Specializing in precision fasteners,  
ensuring reliability & efficiency

## Construction & Industrial Equipment Manufacturing

Fasteners with structural integrity  
& operational excellence

## Medical Devices & Equipment Manufacturing

Top-notch fasteners meeting stringent  
standards that ensure high accuracy
